

WE ARE SO GLAD YOU'RE HERE

We feel blessed to have found each other, full of joy that you will be sharing in this special day. We know that there are those who would be here, if heaven weren't so far away. Instead of giving a favour of a treat, a donation has been made to The Canadian Cancer Society, so their work may never fade. We love you and the love we share with you never fades. To us, thank you. CONGRATULATIONS!

AND THANK YOU FOR YOUR INTEREST IN WORKING TOGETHER.

Whether you are looking for just an invitation suite, or a story told in chapters starting with the suite, continuing through day of stationery all the way to thank you cards, I am so excited at the potential to be a part of your day. I have included my process and some pricing details in this information booklet to help you get an idea of what you're looking for!

MEET YOUR DESIGNER

DANIELLE PAXTON

I have always had a love of celebrations and paper, so it seemed like a perfect marriage of the two when I created The Letter E Stationery. It came from a very personal place during the Covid-19 Pandemic, where celebrations were hard to come by and I couldn't share my first born with friends and family, a legacy in the making without its witnesses.

Today, it is my hope that I can help reconnect others with their loved ones through personalized stationery and keepsakes to celebrate milestones that have been missed, and ones that have yet to come.

I am self taught when it comes to design, with a retail print centre background. I am always looking for new ways to expand my services, and partnering with other local businesses to bring new services to TLE.

CUSTOM SUITE DESIGN

PROCESS AND TIMELINE

Fill out the form on my website under Weddings with as much detail as possible. Once I receive this information, I will contact you to arrange a consultation appointment for us to go over the quote and timeline. You will then be given a contract to sign and send back to me with your non-refundable \$150 design fee if you decide I am the right fit for you

After the deposit and contract are received, a design board with proposed fonts, colours and wording will be sent to you for approval. The design process begins right after that!

Once the design has been proofed and approved, printing production begins. Production of the suite typically takes 4-6 weeks depending upon what time of year it is and how intricate the printing is.

Once the items are printed and assembled/packaged, you will be contacted to arrange a time for pick up or drop off
